## About INFLIBNET

The Information and Library Network (INFLIBNET) Centre is an autonomous Inter-University Centre (IUC) of the University Grants Commission (UGC) located in the Infocity, Gandhinagar. Major activities and services of the Centre are geared towards modernization of academic libraries and information centres, promotion of information transfer and access, support scholarship, learning and academic pursuits. The Centre acts as a nodal agency for networking of libraries and information centres in universities, institutions of higher learning and R & D institutions in India. The Centre was established as an independent autonomous Inter-University Centre of the UGC in May 1996 and set out to be a major player for promoting scholarly communication among academicians and researchers across the country. With technology being a driving force in the contemporary education system, the INFLIBNET Centre has taken up a number of initiatives for the benefit of the academic community in India.

## About IISER Bhopal

IISERs were created through a proclamation of Ministry of Education, Government of India, to promote quality education and research in science and related areas. IISER Bhopal was established in 2008. Each IISER is a degree-granting autonomous institute.

IISER Bhopal aims to provide quality science education to UG and PG students. The prime focus of the Institute is to integrate science education with research. Also, the Institute is committed to impart high ethical values and create social and environment awareness. IISER Bhopal is committed to continuously refining and expanding academic programs across diverse disciplines to equip graduates for successful careers in research, academia, and industry. Only IISER Bhopal has an Engineering and Science streams among all the IISER's. IISER Bhopal is excelling in all areas and achieving new milestones under the leadership of the present Director, Professor Gobardhan Das.

## Major Topics

- ❖ Research Data Management
- ❖ DMP and General Practices for researchers
- ❖ Metadata and Policy framework
- ❖ DataCite and Role of PIDs
