# Webinar on

## Optimizing Research Outcomes
## Through Effective Data Management Approaches

### June 27, 2024

## About INFLIBNET

The Information and Library Network (INFLIBNET) Centre is an autonomous Inter-University Centre (IUC) of the University Grants Commission (UGC) located in the Infocity, Gandhinagar. Major activities and services of the Centre are geared towards modernization of academic libraries and information centres, promotion of information transfer and access, support scholarship, learning and academic pursuits. The Centre acts as a nodal agency for networking of libraries and information centres in universities, institutions of higher learning and R & D institutions in India. The Centre was established as an independent autonomous Inter-University Centre of the UGC in May 1996 and set out to be a major player for promoting scholarly communication among academicians and researchers across the country. With technology being a driving force in the contemporary education system, the INFLIBNET Centre has taken up a number of initiatives for the benefit of the academic community in India.

INFLIBNET Centre, Gandhinagar

## About Programme

The INFLIBNET Centre has been awarded a project to create awareness about open science and research data preservation in India. DataCite is an international organization that provides persistent identifiers (DOIs) for research data and promotes data citation practices to facilitate data discovery, access, and reuse. The Webinar under the Outreach Programme aims to empower researchers, institutions, and organizations to unlock the full potential of their research data through best practices, tools, and community engagement. In alignment with INFLIBNET's objectives of promoting open science, research data management, the webinar will cover following major topics.

## Topics

1. Provide an overview of the Open Research Data and its significance in the context of data citation and metadata standards.
2. Discuss the Data Management Plan
3. Discuss the importance of data citation and metadata standards for enhancing data discoverability, accessibility, reusability
4. Explore case studies and examples of data repository (NRDR) initiatives and implementations.
5. Facilitate discussions and knowledge sharing among participants on best practices, challenges, and opportunities in research data management and citation.

## Programme

**Date:** 27th June 2024

**Time:** 11:00 AM to 12:30 PM

**Platform:** Webex

## Speakers

Scientists from INFLIBNET Centre and Eminent speakers from DataCite will be delivering the sessions.

## Target Audience

The webinar is intended for researchers, data managers, librarians, publishers, funding agencies, and other stakeholders involved in research data management.

## Registration

Interested professionals, research scholars, faculty members and research data managers are invited to register for the *webinar at **https://hrd.inflibnet.ac.in/DataCite-GAF/***
