INFLIBNET

Five Days National Workshop on

Cloud Technology for Educational Institutions

18th - 22nd November, 2024

About INFLIBNET

The Information and Library Network (INFLIBNET) Centre is an autonomous Inter-University Centre (IUC) of the University Grants Commission (UGC) located in the Infocity, Gandhinagar. Major activities and services of the Centre are geared towards modernization of academic libraries and information centres, promotion of information transfer and access, support scholarship, learning and academic pursuits. The Centre acts as a nodal agency for networking of libraries and information centres in universities, institutions of higher learning and R & D institutions in India. The Centre was established as an independent autonomous Inter-University Centre of the UGC in May 1996 and set out to be a major player for promoting scholarly communication among academicians and researchers across the country. With technology being a driving force in the contemporary education system, the INFLIBNET Centre has taken up a number of initiatives for the benefit of the academic community in India.

Introduction

Cloud computing is a general term for the delivery of hosted services over the internet. Today number of institutes and their day-to-day activities are solely depended on IT. IT made the things faster, easier. It has a worldwide user base that includes cultural heritage organizations, universities, business schools, research institutions, national libraries, and government agencies. In this unique workshop, experts of Cloud will cover the Understanding the concept of Cloud Technology, Implementing Cloud Technology and SSO System,Cloud Infrastructure and Tools, Cloud Security And Cost Management, installation of Shibboleth (remote campus access tool) and repository on Cloud for those who want to use the platform, and address the issues faced by those who are already running Cloud. At the end of the workshop participants will gain more insights and in-depth knowledge on fundamentals of Cloud, installation and customization.

Major Topics

The following major topics will be covered in the workshop:

- Understanding the Concept of Cloud Technology;
- Cloud Infrastructure and Tools;
- Implementing Cloud Technology and SSO System;
- Cloud Security And Cost Management; and
- Future Trends and Hands-on Workshops.

Resource Persons

Prominent experts from the INFLIBNET Centre, alongside leading specialists from external institutions, working in the Cloud, Data centers, and Institutional Repository areas.
