

Three Days National Workshop on **CLOUD TECHNOLOGY FOR EDUCATIONAL INSTITUTIONS**

28th – 30th September 2026

About INFLIBNET

The Information and Library Network (INFLIBNET) Centre was established in May 1996 as an independent, autonomous Inter-University Centre (IUC) of the University Grants Commission (UGC). Major activities and services of the Centre include automation of academic libraries and information centres, creation of union databases of resources available in academic libraries, promote resource sharing among academic libraries, promote information access and transfer, support scholarship, learning and academic pursuits. The Centre acts as a nodal agency for networking of libraries and information centres in universities, institutions of higher learning and R&D institutions in India with an aim to promote scholarly communication. With technology being a driving force in the contemporary education system, the INFLIBNET Centre has taken up a number of initiatives for the academic community in universities under its purview.

Introduction

Cloud computing is a general term for the delivery of hosted services over the internet. Today number of institutes and their day-to-day activities are solely depended on IT. IT made the things faster, easier. It has a worldwide user base that includes cultural heritage organizations, universities, business schools, research institutions, national libraries, and government agencies. In this unique workshop, experts of Cloud will cover the Understanding the concept of Cloud Technology, Implementing Cloud Technology and SSO System, Cloud Infrastructure and Tools, Cloud Security And Cost Management, installation of Shibboleth (remote campus access tool) and repository on Cloud for those who want to use the platform, and address the issues faced by those who are already running Cloud. At the end of the workshop participants will gain more insights and indepth knowledge on fundamentals of Cloud, installation and customization.

Major Topics

The following major topics will be covered in the workshop:

- ❖ Understanding the Concept of Cloud Technology
- ❖ Cloud Infrastructure and Tools
- ❖ Implementing Cloud Technology and SSO System
- ❖ Cloud Security And Cost Management
- ❖ Future Trends and Hands-on Workshops.

Resource Persons

Prominent experts from the INFLIBNET Centre, alongside leading specialists from external institutions, working in the Cloud, Data centers, and Institutional Repository areas.

Target Participants

Library professionals, Information Scientists, System Administrators, INFED/CMS Administrators, Database Managers, Students and others working in universities or colleges or institutes who are interested to learn about the cloud environment. A maximum of 25 - 30 candidates will be enrolled for the training program on a FirstCome-First-Served basis.

We kindly request all participants to confirm their travel plans with us before booking the tickets.

Pre-requisite

Participants should have a basic understanding of or interest in learning about Cloud technologies, Institutional Repositories, and systems for enabling remote campus access.

Duration: Three Days (28th - 30th September, 2026)

Venue

The Training program will be conducted at the Information and Library Network Centre, An IUC of University Grants Commission, Infocity, Gandhinagar-382007, Gujarat, India. (No online mode)

Workshop Fee

The registration fee is **Rs. 3,540.00** (Rupees Three Thousand Five Hundred Forty only) per person without accommodation and **Rs. 5,900.00** (Rupees Five Thousand Nine Hundred Only) with accommodation, which is inclusive of GST rates.
