

Three Days Online Training Programme on Research Evaluation and Research Support Tools

27 – 29 January, 2021

About INFLIBNET

The Information and Library Network (INFLIBNET) Centre was established in May 1996 as an independent, autonomous Inter-University Centre (IUC) of the University Grants Commission (UGC). Major activities and services of the Centre include automation of academic libraries and information centres, creation of union databases of resources available in academic libraries, promote resource sharing among academic libraries, promote information access and transfer, support scholarship, learning and academic pursuits. The Centre acts as a nodal agency for networking of libraries and information centres in universities, institutions of higher learning and R & D institutions in India with an aim to promote scholarly communication. The technology being a driving force in the contemporary education system, the INFLIBNET Centre has taken-up a number of initiatives for academic community in universities under its purview.

About Workshop

The aim of this workshop is to give the participants a sound overview on various useful research evaluation and research support tools. Nowadays staying up to date with the many latest digital tools for academic research evaluation and support is an important part of any researcher's to-do-lists from any domain/discipline. Starting from searching literatures from various sources to its review, from data analysis to visualization, referencing to plagiarism check, then from evaluation to benchmarking, these online available research evaluation and research support tools have made the day-to-day research practices/works easier for the academic fraternity. These tools are helping to cut the time, efforts & errors in the part of researchers.

Following topics will be covered in the workshop:

- ❖ Introduction to Research Ethics and Plagiarism, Urkund
- ❖ Bibliometrics Indicators for Assessing Research, Scopus
- ❖ Social Media and Research Impact, Altmetrics
- ❖ Academic Identity and Research Profile, ORCID & IRINS
- ❖ MOOCs and Open Educational Resources
- ❖ Reference Management Tool, Mendeley

Resource Persons

The resource persons are eminent professional experts / scientists / faculties from the academia. They have vast experience and knowledge on research support and evaluation services & tools.
