

Three Days National Workshop on

Information & Cyber Security for Educational Institutions

12-14 August 2024

**Information and Library Network Centre
Gandhinagar, Gujarat**

About INFLIBNET

The Information and Library Network (INFLIBNET) Centre was established in May 1996 as an independent, autonomous Inter-University Centre (IUC) of the University Grants Commission (UGC). Major activities and services of the Centre include automation of academic libraries and information centres, creation of union databases of resources available in academic libraries, promote resource sharing among academic libraries, promote information access and transfer, support scholarship, learning and academic pursuits. The Centre acts as a nodal agency for networking of libraries and information centres in universities, institutions of higher learning and R & D institutions in India with an aim to promote scholarly communication. The technology being a driving force in the contemporary education system, the INFLIBNET Centre has taken-up a number of initiatives for academic community in universities under its purview.

Aims and Objectives of the Training Programme

The objective of this workshop is to educate and empower educational institutions with the knowledge and skills necessary to protect their digital assets, sensitive information, and the privacy of their students, faculty, and staff in an increasingly digital and connected world. The aim of this workshop is to provide training in understanding the concepts in Security. Here are some specific objectives for such a workshop:

This workshop will help the participants to increase awareness among educational institutions about the growing threats and vulnerabilities in the realm of information and cyber security.

At the end of the workshop, participants should be able to:

- Understanding Risks of cyber threats and risks that educational institutions face, including data breaches, ransomware attacks, phishing, and more.
- Protection of Academicians Data
- Secure your IT Infrastructure including networks, servers, and devices.
- Password and Access Management
- Cybersecurity Tools and Technologies such as RFID, antivirus software, firewalls, intrusion detection systems, and encryption.
- Continuous Improvement of ongoing assessment, testing, and cybersecurity measures.
- Legal and Ethical Considerations of cybersecurity, including privacy rights, ethical hacking, and responsible disclosure.

Major Topics

The scope of the workshop is to cover theoretical discussion and some practical exposure on the following aspects of security in Educational Institutions.

- ☞ Introduction to Information and Cyber Security

- ☞ Features and Benefits of Information and Cyber Security
- ☞ Challenges on Security in Educational Institutions
- ☞ Understanding the concept of VAPT
- ☞ Application and Database level security specially for library professionals.

Resource Persons

The resource persons are prominent Scientists from INFLIBNET Centre / System Administrators / Information Scientists / Database Administrators, across the country.

Target Participants

Academicians, Faculties, Library professionals, Students from all disciplines. A maximum of 25-30 candidates will be selected for the training programme on a First-Come-First-Serve basis. The workshop may be rescheduled or canceled by the center if there are insufficient participants. Hence, we kindly request all participants to confirm their travel plans with us before booking the tickets.

Duration

Three days (12-14 August 2024)

Venue

The Workshop will be conducted in Offline Mode at Information and Library Network Centre, Infocity, Gandhinagar-382007, Gujarat, India.

Fee

The registration fee is Rs. 3,540.00 (Rupees Three Thousand Five Hundred Forty only) per person without accommodation and Rs. 5,900.00 (Rupees Five Thousand Nine Hundred Only) with accommodation which is inclusive of GST rates.
